Project Name	Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer
Maximum Marks	10 Marks

Project Overview:

Project Name: Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer

Project Description: A ServiceNow Flow Designer automation that creates a Catalog Task assigned to the Hardware group for laptop configuration once a Standard Laptop request is approved.

Project Version: 1.0

Testing Period: [Start Date] to [End Date]

Testing Scope:

Features: Flow creation and activation, flow assignment to the Standard Laptop catalog item, service catalog ordering, approval, automatic Catalog Task creation.

User Stories: As a member of the IT procurement team, I want tasks to be automatically generated and assigned to the hardware team so that laptops are configured promptly.

Testing Environment:

URL/Location: [Your ServiceNow instance URL]

Credentials (if required): Provided separately to testers

Test Cases:

Test Case ID	Test Scenario	Test Steps	Expected Result	Actual Result	Pass/Fail
TC-001	Create and activate the flow	1. Open Flow Designer 2. Create flow "Standard laptop task" with Service Catalog trigger 3. Add Create Catalog Task action, save and activate	Flow is saved and becomes Active	Flow saved and status shows Active	Pass
TC-002	Assign flow to Standard Laptop catalog item	1. Open Maintain Items 2. Open Standard Laptop record 3. In Process engine, add the flow and save	Flow is linked to the catalog item	Flow added and record saved	Pass
TC-003	Place a Standard Laptop order	1. Service Catalog > Hardware 2. Open Standard Laptop 3. Click Order Now	Request and Requested Item are created	Request number generated and order status shown	Pass
TC-004	Approve request and verify Catalog	1. Open request > Approvers, approve	Catalog Task created with short description "Laptop	Catalog Task created with correct short	Pass

	Task	2. Open Requested Item 3. Open record in Catalog tasks section	needs to Configured" and assigned to Hardware group	description and Hardware group
